MEET THE ARTIST

Fiona Art

EXPERIMENTAL FLUID ARTIST · SLOVENIA

Fiona Art is an experimental contemporary artist from Slovenia celebrated for her innovative approach to fluid painting. Inspired by the natural world, she pours color, energy, and movement onto canvas in ways that capture emotion and spontaneity.

Her journey into fluid art began in 2018, after years of working with traditional methods. Discovering fluid techniques unlocked a new level of artistic freedom — embracing the wild, unpredictable beauty of paint in motion — an expression that now inspires audiences across the globe.

- Nearly 500,000 YouTube followers worldwide
- First solo exhibition in the United States
